

ASSEMBLY GUIDE

BLOOMSBURY WALL DIRECT

1. Unscrew the 2 track screws to remove the lid
2. Fasten the fixture using 2 screws (not included)
3. Connect the cables from the wall to the LED-driver and the ground connection
4. Reattach the lid by using the 2 track screws
5. To rotate and set the light source - Loosen the nuts slightly in both ends by using the wrench included and tighten again when the arm is set. Then use the thumbscrews to set the light.
